### NOTICE OF FORFEITURE.

TO WHOM IT MAY CONCERN: You are hereby notified that M. G. Vucovich and Jack Vucovich, co-owners with Andy Ragenovich, in those certain mines and mining claims known and called "Butte" and "Big Four," situated in the Fairplay mining district, northeast of Goldyke, Nye county, state of Nevada, did expend and perform upon said mining claims during and for the year 1911, labor, improvements and development work, as required by law in an amount equal to one hundred dollars for each of said claims. You are hereby further notified that if at the expiration of ninety days from and after the publication of this notice, as provided by law, you shall have failed or refused to contribute your proportion of said expenditures, made and performed upon said claims by me as aforesaid, your interests in and to said mining claims shall thereupon become forfeited to me, the undersigned, and become my property under and by virtue of the provisions of Section 2324 of the Revised Statutes of the United States.

ANDY RAGENOVICH.  
First publication made on January 19, 1912.  
Last publication April 19, 1912.

### NOTICE OF FORFEITURE.

Ira Fancher and Wm. Turner, you heirs and assigns: Ira Fancher and Wm. Turner are hereby notified that the undersigned has expended in labor and improvements on the Hill Top lode mining claim, situated in the Goldfield mining district, Nye county, Nevada, the sum of \$100, the sum for the years 1909, 1910, 1911, of which you Ira Fancher, are a half owner, and you, Wm. Turner, a one-fourth owner. Under the provisions of section 2324, of the Revised Statutes of the United States of America, covering annual assessment labor on mining claims; the proof of labor of the said claim was duly recorded at the recorder's office, at Goldfield, Esmeralda county, State of Nevada. Said expenditure was the amount necessary to hold said mining claim during the aforesaid years and if within 90 days from the date of the first publication of this notice, you fail or refuse to contribute your proportion of said expenditure as co-owner, which amounts to \$225 to you together with the cost of this advertisement, your interest in the said claims will become the property of the subscriber, your co-owner, who has made the expenditure and improvements above mentioned.

HUGH SUTHERLAND.  
Dated at Tonopah, Nevada, this 25th day of January, 1912.  
Last publication April 26th, 1912.

### NOTICE OF FORFEITURE.

To Matt E. Boutu, Alphin Pulkkmen, Charles Wirtamen, Jacob West, Jacob Rautala, your heirs and assigns: You are hereby notified that the undersigned have expended during the year 1911, four hundred dollars in labor and improvements on the January Nos. 1, 2, 3 and 4, (Ten Bro. Mining Co.), lode mining claims, situated in the Lone Mountain Mining District, Esmeralda county, State of Nevada, in order to hold said claims under the provisions of section 2324 of the Revised Statutes of the United States and the amendment thereto approved January 22, 1880, concerning annual labor upon mining claims, being the amount required to hold said lode claims for the period ending December 31, A. D. 1911. And if, within ninety days after the publication of this notice, you fail or refuse to contribute your proportion of such expenditure as a co-owner, your interest in the said lode claims will become the property of the subscribers, your co-owners, who have made the required expenditure by the terms of said section.

## NEW SUPERIN- DENT AT THE ELY CONSOLIDATED

Ralph Kellogg arrived Thursday night from Eureka, Utah, to become superintendent of the properties of the Ely Consolidated, succeeding Jas. Quinn, who expects to leave this week for Gold Circle, where he will be occupied for several months in looking after his mining holdings in that district. He contemplates visiting the new camp of High Grade, which is now proving to be quite an attraction for mining operators throughout the western states.

Mr. Kellogg is highly recommended for his knowledge of practical mining, having recently completed the sinking of the Grand Central shaft in the Tintics district to a depth of 2345 feet. He was also actively identified with development of the Alta district in Utah.

In company with S. M. Levy, president of the Ely Consolidated, Mr. Kellogg paid his first visit to the properties near Star Pointer, and was shown through the Zack shaft, where the company is centering its activities.—White Pine News.

### MINIMUM WAGE BILL CARRIES WITH EASE

LONDON, April 1.—Incomplete returns from the different mining districts which have been voting on the minimum wage propositions show that the bill carried three to two and that many lines in the industry are resuming. It is understood that the remaining districts will show a heavy vote in favor of the wage bill.

## Advertising Paid Wife of Brutal Husband

SEATTLE, April 1.—Wanted a man to thrash a wifebeater. Ten dollars reward. Easy work. Mrs. R. B. Gillies, 110 North Third Avenue.

This advertisement appeared here Saturday and eight men applied for the job. The first applicant was a little fellow, and Mrs. Gillies sent him away. The second, a husky youth, said it would be a pleasure to do the work for \$5. Mrs. Gillies engaged him at once and gave him instructions. Her husband must not be permanently disfigured or disabled, but must be slapped, choked, knocked down and rolled on the

floor. When Robert Bent Gillies, aged 32, formerly a waterfront broker, returned home late in the afternoon Mrs. Gillies and the youth were waiting for him. Mrs. Gillies, telling the story later, said her young man's work was so excellent that she compelled him to take the full \$10 fee. Gillies could not be seen.

The couple have been married 10 years. Both are old residents of Seattle. Before advertising Mrs. Gillies had complained to the mayor, chief of police and prosecuting attorney, without satisfactory results, she said.

## More Ore Discovered In Nevada Douglas

A big development is being made on the seventh level of the Nevada-Douglas. Some 500 feet south of the big incline a drift is being run to get under the big 501 stope, and last Saturday the drills plunged into an ore shoot. How extensive it is, is as yet unknown, but the ore is all that any mine owner could ask for in richness—better than it is in the 501. It is expected that this is the beginning of the biggest and richest thing yet opened in the mine.

Events at this property are moving along very rapidly, says the Yerington Times. Shipments are increasing every month, and an increase of 11 cars was made last week over any previous week's shipment. As the raises are completed

in the big stope in Douglass Hill there will be further increases in shipments. This stope has opened out so large that the management has quit telling how big it really is. No. 5 broke through last Monday a week. This will give 300 feet more of stopping ground. The big "glory hole" on the south side of the hill is opening up fully two-thirds of the entire side of the hill, which is being mined and carried down the tram to the ore cars.

The 501 stope is bigger and richer than ever. The south face of the 600-foot level is carrying six feet of 6 per cent ore. The drift has been advanced some 85 feet along the level, all in ore. The crosscut on the sixth level has advanced 25 feet since last writing.

## Why Send Out of Town for Your Printing

When you can have first-class work done right here, by first-class union printers.

The business man who sends out of town for his printing injures his own business as well as that of others. While on the other hand the man who patronizes home institutions increases the town's pay roll, and thereby builds up his business.

The printers and book binders in the cities of surrounding states do not come here to spend their money.

### Do You Know

Printing Plant and one of the best equipped  
Ruling and Binding Plants in the West?

Patonize Home Industry,  
Build Up Your Own Town.

making it 85 feet in width, of the usual high grade ore.

The contract for sinking 100 feet on the Casting Copper has just been finished and crosscuts and drifts will be started immediately to open up this large ore body. While this is being done another contract will be let to sink another 100 feet. A plant of machinery is being installed at the shaft and production is to be made as rapidly as possible.

The crusher and elevator in the gypsum quarry is in operation, so that the end of the mine will be making increased shipments from now on.

Everybody around the works is busy, and the boarding house is a scene of wonderful activity at meal time. The place is so crowded that the manager, Mr. Frazee, is going to have the capacity of the building doubled. The meals that are set are excellent and it is no wonder that men like to work at the Ludwig.

Ludwig and Morningstar towns were hummers last pay day; 325 men with money to burn will make any place a hummer for a while.

The tonnage from the mine to the smelter for the week ending March 28th was 2250.

## STUB TRAIN SERVICE IS ESTABLISHED

Word has been received both at the railroad commissioner's office and the V. & T. R. R. that the stub train service is to be re-established on Sunday from Mound House to Wabuska.

Some time ago the Southern Pacific discontinued this service. It resulted in a great inconvenience, as there had been a daily train service for twenty odd years. The people of Dayton and other points affected filed a protest with the railroad commission. They in turn took the matter up with the Southern Pacific officials with the result that the seven-day-a-week is re-established.

By placing this service in operation, says the Carson Appeal, again the Southern Pacific officials have shown their progressiveness. They have, during the past couple of years, turned a great deal of their energy and attention to Nevada.

Advertising schemes, sales of railroad lands, building of branch roads and a general line of progress has marked their way.

The only backward step taken in a number of years was the cutting down of this small service line, which meant as much to the people of Lyon county as a through mail service to any big city or community. By replacing the service the management has shown a fairness and go-ahead program that is manifest in all directions. The people from this time on will be able to transact their business without any annoying delay and the mails will be served the people seven times a week.

### GOT JUSTICE.

KENNA, N. M., April 1.—Walter Orr, who formerly owned the town-site of Kenna, was shot and killed Saturday in a scuffle with Justice of the Peace Orr, whom Orr was trying to whip because he was assessed a 5 fine for contempt of court. H. Smith, brother-in-law of the dead man, was arrested, accused of the killing.

### WHAT PUNY CHILDREN NEED.

More Food—How to Make Them Eat Heartily.

More food, better blood, those are the two things that pale, delicate children need most.

"But they won't eat," says the anxious mother. Yes, they will if you give them our delicious tonic, Vinol.

It's the greatest thing we ever saw to create an appetite. It makes the blood rich, too—builds up weak children (and grown folks as well) and makes them strong and rosy.

Mrs. W. O. Strother of Raleigh, N. C., says: "My little girl, Hazel, has been taking Vinol to build her up after a severe spell of sickness. It has done so much good by restoring her appetite and building up her strength that I think Vinol is the finest tonic ever prepared and I am telling everyone about it."

Children like to take Vinol, the taste is so pleasant. It is not a strong medicine and there is not one harmful thing in it. We will give back your money if Vinol disappoints you.—Miners' Drug Store, Inc., Tonopah, Nev.
